| Two of Jesus' friends were walking to Emmaus, talking about everything that had happened. | Another man joined them. He asked why they were sad. | The two friends told him that their friend Jesus had died... | ...but his body had disappeared from the tomb. |

| The man told them that everything that had happened was part of God's plan to save people. | The two friends invited the man to stay and eat with them. | As the man broke some bread and gave it to them, the friends realised it was Jesus! | The friends hurried back to Jerusalem to tell the other disciples that they had seen Jesus. |
